Town Manager
Hartland, Maine

Dear Mr. Fisher:

As you may know, the Maine Municipal Association has an annual City and Town Report Competition, with awards given in recognition of outstanding municipal reports.

This letter will serve to inform you that the town of Hartland has been given the award of Excellence in its population class by the Competition Judges.

May I take this opportunity on behalf of the Association to congratulate you and the other municipal officials of your town for publishing such a fine municipal report.

Sincerely yours,

Frank G. Chapman

1957 - A Year Of Growth:

Your municipal officers present for your approval a report for the 1957 fiscal year.

Some accomplishments for the year are:

Highways:

Crosby Street was constructed and tarred.

Iron Bridge on Mill Street was reconstructed.

T. R. I. F. work was started on Vigue Road.

Corson's Corner Bridge was constructed with State, County and Town funds.

A section of Route 23 was reconstructed with State funds.

New highway being constructed through the village with Federal and State funds.

Protection:

Fire Hall building was completed and painted. Much of the interior work has been completed by Fire Department members at no cost to the town. Open House has been planned for Feb. 23 and it is hoped that as many citizens as possible will attend.

Fire pond was constructed near the Dump Road. This pond provides a water source for fire at the dump as well as fire protection for six dwellings in the area.

New street lights for Main Street, Pittsfield Avenue and Academy Street.

Academy and Main Street have a new sewer system with provisions for some of the side streets to be added at a future date.

Education:

Preliminary steps have been taken to set up an administrative district with several neighboring towns participating. It is felt that an improvement in educational advantages can be offered our children at no greater cost to the town.

Looking forward to 1958:

Street Lighting:

Proposed street lighting improvement on Commercial Street should result in improved business conditions for the merchants in the area as well as better shopping conditions for shoppers.

Health and Welfare:

Costs in this department are slowly increasing, for as jobs become scarce, more applications will be received for relief. By furnishing a work program it is hoped to keep relief costs at a low level.

Improved Assessment Figures:

For the past year your assessors have been working on a system recommended by the State for equalization of valuations. Work will be carried on in 1958. This is a big task and probably several years will pass before work is completed and the final figures available for use.

Respectfully submitted,

MUNICIPAL OFFICERS

Town of Hartland.

First National Bank, Pittsfield	18,000.00
---------------------------------	-----------

These notes are to be paid in annual installments of \$3,600.00 for the next five years. Interest charges are at 4% per annum.

We believe the foregoing to be a true report of the receipts and disbursements for the year ending February 10, 1958 and the financial standing of the town at that time.

If, however, there appear to be any errors or something you do not understand, please call at the Selectmen's office where the books are available that an intelligible explanation may be had, thereby avoiding confusion at the meeting, and eliminating consumption of unnecessary time during the meeting.

Respectfully submitted,

DONALD J. PELKIE,

DONALD K. HOLLISTER,

FRED J. COOPER,

Selectmen of Hartland.

UNITED STATES DEPARTMENT OF AGRICULTURE

Forest Service

Room 2, P. O. Building

Belfast, Maine

December 12, 1957

Mr. Claude E. Fisher

Town Manager

Hartland, Maine

Dear Mr. Fisher:

The following is a report of white pine blister rust control performed in your town in 1957.

The program in the State of Maine is conducted by the U. S. Forest Service, Maine Forest Service, towns, cities and individuals cooperating. The disease occurs alternately on white pine and ribes, and is transmitted by wind-borne spores from one host to another. Control is established by destroying currant and gooseberry bushes, called ribes, from pine areas and limited protection borders. This is done by hand eradication and the use of chemicals. 2,4,5-T, a selective weed killer, was used.

Our records show that Hartland has 894 acres of white pine which necessitates the removal of ribes from 3,917 acres to secure protection.

The town appropriated \$400.00, and during the control season 2,146 ribes were destroyed on 1,725 acres, at a cost of \$829.72 (Town \$398.68, State \$23.04, Federal Government \$408.00). There remains approximately 2,000 acres needing eradication work. Much new white pine reproduction was found and the maps were put up to date on aerial photographs. As this work is conducted on a cooperative basis, we recommend that your town make funds available for the 1958 season.

Very truly yours,

HARRINGTON G. BRADBURY

District Leader

Superintendent of Schools' Report

Hartland, Maine

February 10, 1958

To the Superintending School Committee and Citizens of the Town of Hartland.

I am pleased to report on the progress of your school system for the past year. We started schools in September with the following teachers and enrollment.

Teacher	Grade	S.P.	1	2	3	4	5	6	7	8
Edythe Libby		33								
Gweneth Smith		39								
Geraldine Smith		37								
Thelma Cook		29								
Jean MacLauchlan		36								
Harold Smith		34								
Doris Emery		26								
Douglas Doyon		22								
Ellen Cooper		26								
		Total	282							

Hartland Academy: Freshmen 25, Sophomores 24, Juniors 12, Seniors 15, Total 76.

School operated on a normal schedule with the exception of four days lost on account of illness and two days of storm. The four days lost on account of illness will be made up in June. Stormy days will be made up April 14 and 15.

Much educational progress has been made in the grades. The lower grades in particular are much to overcrowded for best teaching results. However, these teachers are doing exceptionally good work under adverse conditions. The solution to most of our educational ills is more classrooms, this matter is under

consideration at present. Your School Committee and Selectmen are having meetings and discussions with officials of surrounding towns, it is hoping that some concrete information will be available soon. All other aspects of the school program are proceeding normally and according to plans.

The secondary school enrollment is increasing each year as we graduate larger classes from the elementary schools. I would expect an increase of 12 to 15 pupils beginning next September. I feel that the town would be justified in not supporting the agriculture program in the future regardless of Federal aid for this program. The cost of this program is too great for the few students taking advantage of this course. I would favor continuance of the support of the Home Economics department under the same plan as in the past.

In conclusion, may I express my appreciation for your cooperation in school matters, during the past year.

Respectfully submitted,

HAROLD E. CARSON

Superintendent of Schools

School Physician's Report

Examination of the pupils in the Hartland Schools showed health measures to be well under control and disabilities that were correctable have, for the most part, responded well.

Immunizations were offered for Poliomyelitis for the children and teachers. Influenza vaccination was performed on the teaching staff only, because of the limitation of the amount of vaccine available.

Report of Public Health Nurse

DIVISION OF PUBLIC HEALTH NURSING DEPARTMENT OF HEALTH AND WELFARE

January 1 to December 31, 1957

The purpose of the Public Health Program is to promote good health and prevent disease and deformity. The Public Health Nurse attempts to attain this goal through visits to homes and schools, encouraging Health Councils and helping to plan and assist with clinics.

A series of four Child Health Conferences were held at the Scott-Webb Memorial Hospital. Physical examinations were offered as well as immunizations against such diseases as diphtheria, tetanus, whooping cough, smallpox and polio.

Free polio clinics have been held to offer polio vaccine to every one from six months to twenty years of age and expectant mothers.

Orthopedic and Pediatric clinics, sponsored by the State Department of Health and Welfare are held regularly and provide opportunity for medical consultation and care for crippled children and those with cardiac or rheumatic fever complications. There is also, a clinic for the Mentally Retarded preschool child. Regional x-ray clinics and the services of the State Sanatorium are available to those referred by their family physician for diagnosis, x-ray or medical care.

It is the hope of your Public Health Nurse that, through the combined efforts of the nurse and community, every individual and family may realize the enjoyment of a high standard of health.

Your Public Health Nurse wishes to thank everyone who, in any way, helped to promote better living in your community.

Respectfully submitted,

KEITHA J. PRESTON

Public Health Nurse

February 4, 1958

Board of Trustees

Hartland School District

Hartland, Maine

Gentlemen:

In accordance with Chapter 91, Section 142, Revised Statutes of 1954, and at your request, the records of the Hartland School District have been audited for the year January 1, 1957 to December 31, 1957, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be determined within the scope of the examination, the financial transactions of the School District appear to be appropriately handled.

Exhibits and schedules incorporated in this report present the financial position of the School District at December 31, 1957, and the result of its operations for the year then ended.

All of which is respectfully submitted,

Very truly yours,

R. A. JAMIESON,

JOHN T. SINGER,

TOWN OF HARTLAND

Auditor's Report

February 13, 1958

Board of Selectmen

Hartland, Maine

Gentlemen:

In accordance with Chapter 405, Section 26, Public Laws of 1957, and at your request, the records of the Town of Hartland have been audited for the period February 11, 1957 to February 8, 1958, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules incorporated in this report present the financial position of the Town at February 8, 1958, and the result of its operations for the year then ended.

Recommendations are also offered which are believed to be worthy of your consideration.

All of which is respectfully submitted,

Very truly yours,

R. A. JAMIESON,

JOHN T. SINGER,

Jamieson & Singer

TOWN OF HARTLAND

FEBRUARY 11, 1957 to FEBRUARY 8, 1958

An audit has been completed of the books and records of the Town of Hartland for the year ended February 8, 1958.

The records maintained by the Selectmen, Treasurer, Tax Collector, Assessors, and Town Clerk were audited. The system of internal control was reviewed. Accounting records and other supporting evidence were reviewed or tested to the extent deemed necessary under the circumstances.

It is believed that the accompanying balance sheet together with the related financial statements fairly present the financial position of the town at February 8, 1958 and the result of its operations for the year then ended.

ASSETS

At the year end the cash balance amounted to \$17,387.76 as compared with \$6,766.58 at February 10, 1957. The cash balance was accounted for as follows:

Cash on Hand	\$ 1,700.23
Demand Deposit	504.20
Time Deposit	15,183.33
	<hr/>
Total	\$17,387.76

The cash on hand was verified by physical count on February 8, 1958; the time deposit was verified by physical inspection of Book No. 11341 issued by the First National Bank, Pittsfield; and the demand deposit was verified by reconciliation of the bank statement issued by the First National Bank, Pittsfield. As has been customary in past years, receipts are deposited to the savings account from which are transferred amounts to the checking account sufficient to pay the warrants drawn.

The 1957 tax commitment was accounted for as follows:

Cash Collections	\$81,244.54
Abatements	47.45
Taxes Receivable	3,391.04
	<hr/>
Tax Commitment	\$84,683.03

During the year, unpaid real estate taxes on the 1956 commitment totaling \$1,077.70 were secured by tax liens. At the year end, unmatured tax liens totaled \$317.70. Matured tax liens totaling \$16.40 and 1956 taxes of \$173.66 were transferred to tax acquired property. Sales of tax acquired property amounted to \$1,996.44 of which \$1,052.56 represented profit on sales. The balance of the tax lien account was verified by inspection of tax liens on file.

LIABILITIES

Notes totaling \$18,000.00 were issued during the year as authorized by vote of the Town. The proceeds of these notes were used for sewer construction. These are 4% serial notes held by the First National Bank, Pittsfield, and mature at the rate of \$3,600.00 per year from 1959 through 1963, inclusive. Tax anticipation notes totaling \$58,238.84 were issued and paid during the year.

RESERVES AND SURPLUS

Unexpended balances in certain appropriation accounts carried forward to the ensuing year for expenditure amounted to \$14,467.48 as compared with \$4,859.75 at the end of the previous year. The principal increase is noted in the school accounts which carried forward \$13,074.25 as compared with \$2,831.78 a year ago.

The capital reserve fund established to provide funds for the purchase of a bus was increased by \$1,000.00 transferred from the Common School Account and interest earned of \$87.96. The

Cemetery Water Fund earned interest of \$19.22. Both of these funds are deposited in savings accounts in the Skowhegan Savings Bank and were verified by inspection of the bank pass-books. The School Building Fund of \$3,000.00 is still a part of the cash balance of the General Fund and has not yet been invested.

Unappropriated surplus was decreased by \$3,070.76 during the year and totaled \$3,526.34 at February 8, 1958. The principal reasons for this decrease were appropriations from surplus of \$700.00 authorized at the annual meeting and \$2,500.00 authorized at a special town meeting. An abatement of \$1,900.00 was voted on and approved at the special town meeting. The change in unappropriated surplus is analyzed in detail on Exhibit E of this report.

TRUST FUNDS

The investments and savings accounts of the trust funds were verified. During the year cemetery perpetual care funds totaling \$1,950.00 were received and are being held pending acceptance by the town at the annual meeting.

GENERAL

Excise tax receipts totaled \$6,298.61 and were verified by examination of the copies of the receipts issued. It was noted that excise tax receipts had not been deposited promptly with the Treasurer as required. The allocation of excise tax receipts was:

Appropriated at Annual Meeting	\$5,000.00
Transferred to Unappropriated Surplus	1,298.61
Total	<hr/> \$6,298.61

Supplemental taxes totaling \$221.90 were received during the year and were credited to unappropriated surplus. These supplemental taxes were not committed to the Tax Collector.

The following corporate surety bonds were found on file:

Claude Fisher, Town Manager, Treasurer and Tax Collector - Aetna Casualty and Surety Co., No. 6S56111	\$15,000.00
Vernard Stedman, Plowing and Sanding - Aetna Casualty & Surety Co., No. 6350167	\$ 3,200.00

RECOMMENDATIONS

The following recommendations are also believed to be worthy of your consideration.

1. That, the balance of \$3,000.00 of Capital Reserve Fund monies in General Fund be invested in accordance with statutory requirements.

2. That, excise tax receipts be deposited promptly with the Treasurer in accordance with statutory requirements.

3. That, supplemental taxes be committed to the Tax Collector.

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you to the town meeting.

Letter of Transmittal

To the Citizens of Hartland:

The close of the fiscal year as of February 10, marks the passing of another milestone in our municipal activities.

It is with pleasure that we surrender for your consideration this Annual Town Report.

We believe you will find all departments fully reported, however, if any explanations are required we will be glad to make them to the best of our ability.

After a close study of the financial needs of the town, your municipal officers and budget committee have made several recommendations and suggestions for your consideration. While the trend is definitely upward, every request for additional funds received careful consideration before receiving favorable recommendation.

The close of this year saw the completion of several projects:

1. New assessment system for cottages.
2. Rebuilding North Street Bridge.
3. Paving of new highway through town.
4. Another 3/10 mile completed on Vigue Road.

Future plans should include:

Reassessment of a section of the village property each year until completed.

Construction of additional rooms at the Consolidated School.

We would like to take this opportunity to thank the Citizens for their interest and cooperation.

Respectfully submitted,

MUNICIPAL OFFICERS

Town of Hartland

We believe the foregoing to be a true report of the receipts and disbursements for the year ending Februray 10, 1959 and the financial standing of the town at that time.

If, however, there appear to be any errors or something you do not understand, please call at the Selectmen's office where the books are available that an intelligible explanation may be had, thereby avoiding confusion at the meeting, and eliminating consumption of unnecessary time during the meeting.

Respectfully submitted,

DONALD K. HOLLISTER

Superintendent of Schools' Report

Hartland, Maine

February 10, 1959

To the Superintending School Committee and citizens of the town of Hartland:

In my report to you this year, I wish to devote most of the space allotted me to the future of education in Hartland. I will only briefly mention the present teaching force and the enrollment in the schools today.

Teachers	Grade	S-P	1	2	3	4	5	6	7	8	Total
Edythe Libby		32									32
Mildred Salisbury			35								35
Geraldine Smith				35							35
Thelma Cook					31						31
Jean MacLaughlan						32					32
Harold Smith, Principal							35				35
Doris Emery								34			34
Vaughn Stedman									25		25
Ellen Cooper										21	21
											<hr/>
		32	35	35	31	32	35	34	25	21	280

Please note that our enrollment is still on the increase. In only two grades are there fewer pupils than the recommended teacher load. We have two new teachers in the system this year, namely, Mrs. Salisbury and Mr. Stedman. They have done very well in their respective positions. This year, for the first time, we did departmental teaching in grades six, seven and eight. At this time it seems probable that this procedure will be continued. We feel that it will better prepare the upper grade pupils for secondary school.

LOOKING TO THE FUTURE

For some time we have realized that we need more classroom and storeroom area at the elementary school. The recent inspection by the State Fire Department emphasized this need. As a result of this inspection, and the fact that the town is facing \$400.00 plus per pupil for secondary tuition, I feel that it is time we took care of our elementary school needs. We have delayed needed building on the elementary level in anticipation of some financial assistance, that now seems to be within sight. However, four classroom spaces should be provided as soon as possible. This much space is needed regardless of what may develop in the immediate future.

It was hoped that the people of Hartland would have an opportunity to vote for or against the School Administration District at this annual town meeting. However, progress was slowed down to such an extent that now it will be necessary to hold a special town meeting. I would urge all parents and other interested taxpayers to become familiar with the application of the School Administrative District and what it would mean to the future of education in Hartland. When you have the opportunity to vote on this question, exercise this privilege and right. Your vote may influence the educational program in Hartland for years to come.

May I express my appreciation for your cooperation in the past and ask for your continued interest in the schools in the future.

Respectfully submitted,

HAROLD E. CARSON

School Physician's Report

Examination of the pupils of Hartland schools was done in subprimary, third, fifth and eighth grades. General Health conditions were satisfactory. Consultation, as regards health improvement and future examinations, would be available to all school boards and welcomed by the school physician.

Inoculations for Influenza were offered in 1958 and for Poliomyelitis in 1958 and 1959.

Respectfully submitted,

PAUL R. BRIGGS, M.D.

School Physician

Report of Public Health Nurse

DIVISION OF PUBLIC HEALTH NURSING

January 1 to December 31, 1958

Millions of children throughout the world will grow into adulthood with far better health than did their parents. According to communicable disease statistics the diseases which have declined so markedly, are all ones whose incidences has been affected by immunizations or by improved environmental sanitation. We can be thankful for the advance which science has made in the control of some of our most serious communicable diseases and because it has played an important role in illness and disability spared and lives saved. Improved and more frequent medical attention with the aid of many and varied clinics also helps to make a healthier community.

A series of four Child Health Conferences were held at the Scott-Webb Memorial Hospital in the Spring. We plan to start the conferences during the month of March each year. Infant and preschool children are offered physical examinations and immunizations against diphtheria, tetanus, whooping cough, smallpox and polio.

Polio clinics were held offering polio vaccine to everyone from six months to twenty years of age and expectant mothers.

Orthopedic and Pediatric clinics, sponsored by the State Department of Health and Welfare are held regularly and provide opportunity for medical consultation and care for crippled children and those with cardiac or rheumatic fever complications. There is also a clinic for the Mentally Retarded Preschool Child. Regional x-ray clinics and the services of the State Sanatorium are available to those referred by their family physician for diagnosis, x-ray or medical care.

Your Public Health Nurse wishes to thank everyone who, in any way, helped to promote better living in your community and hopes that every individual and family may realize the enjoyment of a high standard of health during the coming year.

Respectfully submitted,

KEITHA PRESTON

Hartland School District

Hartland, Maine

Gentlemen:

In accordance with Chapter 91, Section 142, Revised Statutes of 1954, and at your request, the records of the Hartland School District have been audited for the year January 1, 1958 to December 31, 1958, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be determined within the scope of the examination, the financial transactions of the School District appear to be appropriately handled.

Exhibits and schedules incorporated in this report present the financial position of the School District at December 31, 1958, and the result of its operations for the year then ended.

All of which is respectfully submitted,

Very truly yours,

Board of Selectmen

Hartland, Maine

Gentlemen:

In accordance with Chapter 405, Section 26, Public Laws of 1957, and at your request, the records of the Town of Hartland have been audited for the period February 9, 1958 to February 10, 1959, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules incorporated in this report present the financial position of the Town at February 10, 1959, and the result of its operations for the year then ended.

A recommendation is also offered which is believed to be worthy of your consideration.

All of which is respectfully submitted.

Very truly yours,

TOWN OF HARTLAND

FEBRUARY 9, 1958 to FEBRUARY 10, 1959

An audit has been completed of the books and records of the Town of Hartland for the year ended February 10, 1959.

The records maintained by the Selectmen, Treasurer, Tax Collector, Assessors, and Town Clerk were audited. The system of internal control was reviewed. Accounting records and other supporting evidence were reviewed or tested to the extent deemed necessary under the circumstances.

It is believed that the accompanying balance sheet together with the related financial statements fairly present the financial position of the Town at February 10, 1959, and the result of its operations for the year then ended.

ASSETS

At the year end, the cash balance amounted to \$11,148.40 as compared with \$17,387.76 at the end of the previous year. Of this amount, \$8,878.09 was on deposit in a savings account in the First National Bank, Pittsfield, and the balance of \$2,270.31 was on deposit in a checking account in the First National Bank, Pittsfield. The savings account was verified by physical inspection of the bank passbook and the checking account was verified by reconciliation with the statement furnished by the bank. The savings account earned interest of \$47.08 during the year. An analysis of receipts and deposits indicated that all cash received had been promptly deposited in the bank.

The 1958 tax commitment was accounted for as follows:

Cash Collections	\$79,682.24	95.6%
Abatements	294.22	0.4%
Taxes Receivable	3,242.20	3.9%
Due from Collector	99.90	0.1%
	<hr/>	<hr/>
Tax Commitment	\$83,318.56	100.0%

During the year under review, unpaid real estate taxes on the 1957 tax commitment totaling \$1,185.45 were secured by tax liens. Cash collections on account of tax liens totaled \$643.50 and the balance at the year end was \$823.55 which represented an increase of \$505.85 over the balance at the end of the previous year. Tax acquired property was increased by \$36.10 which represented matured tax liens. The total of tax acquired property was \$364.78.

It was noted that waivers had been obtained when accepting partial payments on tax liens. Outstanding tax liens according to the records were verified by examination of the liens on file which had been properly recorded.

LIABILITIES

Tax anticipation notes totaling \$36,525.13 were issued and paid during the year. A note for \$1,886.11 as authorized at a special Town Meeting on August 11, 1958, was issued. On the issue of January 2, 1958, a payment of \$3,600 was made. The total of notes payable at the year end was \$16,286.11 and these were held by the First National Bank, Pittsfield.

Accounts payable totaled \$28.56 at the year end.

RESERVES AND SURPLUS

During the year, as authorized at the special Town Meeting, the School Bus Fund of \$4,514.91 and the School Building Fund of \$3,000 were transferred to Common Schools. The Cemetery Water Fund amounted to \$807.54 at the year end and was invested in a savings account. The savings account was verified by physical inspection of the bank passbook.

Unexpended balances in certain appropriation accounts which were carried forward to the current year for expenditure totaled \$11,537.88. This represents a net decrease of \$2,929.60 from the balance carried forward at February 8, 1958. A complete analysis of the account comprising this balance appears on Exhibit D of this report.

The unappropriated surplus of \$4,300.16 represented an increase of \$773.82 as a result of the year's operations. The change in this account is analyzed in detail on Exhibit E.

TRUST FUNDS

The investments of the trust funds were verified by physical examination of the securities and bank passbooks. All income received appeared to have been properly recorded and expended in accordance with the terms of the bequests. Included in the trust funds are \$700 which is being held pending acceptance at the annual Town Meeting. Funds totaling \$1,950 were accepted at the last Town Meeting.

GENERAL

Excise tax receipts totaled \$7,029.42. Of this amount, \$5,000 was appropriated for winter roads at the annual Town Meeting and the balance of \$2,029.42 was credited to unappropriated surplus.

Supplemental taxes totaling \$154.80 were collected during the year.

The records maintained by the various municipal officials were found to have been kept in an excellent manner.

The following corporate surety bonds were on file:

Claude Fisher - Town Manager, Treasurer and Tax Collector - Aetna Casualty & Surety Co., No. 6S56111	\$15,000
Aubrey E. Whittemore - Snow Removal - Maine Bonding & Casualty Co., No. 106383	\$ 3,750

RECOMMENDATIONS

The following recommendation is also believed to be worthy of your consideration:

1. That, supplemental taxes be committed to the Tax Collector.

Preserve This Report!

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you to the town meeting.

1959 - Your Town and Its Progress

Your Municipal Officers present this report of the activities of the town for the past year.

HIGHWAY IMPROVEMENTS:

Rapid Brook Bridge finished.

Munn Bridge over Black Stream rebuilt on a 50-50 basis with the Town of Athens.

Construction on North Street.

Burton Street was extended to serve two new houses.

Vigue Road pushed 2000 ft. nearer completion.

Worst section of Morrill Pond Road was rebuilt.

A section of the Ford Hill Road was resurfaced in readiness for tarring in 1960, if desired.

PROTECTION:

New steel entrance door installed at fire hall.

300 ft. 12" sewer installed to ultimately serve Commercial Street and Blake Street. Immediate action was necessary since a break in the old sewer line was creating a health menace.

Pleasant Street Cemetery fence was repaired and should be painted in 1960.

Several broken monuments were reset and repaired. This program should be continued over the next few years.

EDUCATION:

Consolidation with nearby towns under the Sinclair Act seems to be some years in the future.

Meanwhile, we stand at the crossroads in education. If we are to go forward in education we must follow one of two courses:

1. Enlarge our present facilities to reduce our pupil-teacher ratio to about 25 to 1, with special attention for the slow learner, as well as a challenging program for the gifted child; or

2. Make better use of our present facilities by extending the school year and dividing the classes so that your teachers will have the time to give individual attention to each pupil according to his or her needs.

As individual taxpayers you may be affected slightly by either of the above courses followed.

Your children may be severely affected unless we do something.

The decision is yours.

Very truly yours,

MUNICIPAL OFFICERS

Town of Hartland

Superintendent of Schools' Report

Hartland, Maine

10 February 1960

To the Superintending School Committee and the Citizens of
Hartland:

It is that time of year to report to you on the present conditions of your schools and to make recommendations for your schools in the near future.

The enrollment in your elementary school is high in relation to the number of teachers. This means that the desired and recommended pupil teacher ratio (25-1) is not being maintained, for the best teaching and the best learning situations. You will note from the following table that there is an average of 31.7 pupil per grade.

Teacher	Grade	SP.	1	2	3	4	5	6	7	8
Libby		34								
Salsbury		34								
Smith, G.			34							
Cook				32						
Small						27				
Gerald							31			
Emery								36		
Cooper									33	
Smith, H.										24
Total										285
			32							

I consider that our teaching force is doing a very capable job in most instances. The results obtained by the department procedure in the three upper grades is particularly gratifying in the majority of cases. However, there are students in these grades who will not or who cannot grasp the work, as a result there will be those few pupils each year that will have to repeat grade 8 once and maybe more times.

The school budget for next year calls for some what less appropriation in both common school and secondary school account. This is due largely to the fact that we did not spend as much money during the year as was anticipated, therefore a large balance in each account. In order to keep the school appropriation more uniform, I would suggest that some money be appropriated, this year, toward additional classrooms and equipment for these rooms.

In conclusion, may I express my appreciation for the cooperation of the teachers, school committee and citizens during the past school year.

Respectfully submitted,

HAROLD E. CARSON

Report of Public Health Nurse

DIVISION OF PUBLIC HEALTH NURSING

JANUARY 1 TO DECEMBER 31, 1959

This year legislature amended a former law. That law now states that each year on a day or days specified by him, the health officer of each municipality shall provide for free smallpox vaccinations for all inhabitants of his community and that he will also provide for free inoculations against diphtheria, whooping cough, tetanus and poliomyelitis of all children under 16 years of age.

A series of Child Health Conferences was held at the Scott Webb Memorial Hospital in the spring. Physical examinations and immunizations against the diseases mentioned above were offered to all infant and preschool children whose parents requested the service.

With the assistance of your local health officer children under 16 years of age were offered free polio inoculations. Pay clinics were held offering the same inoculation to any one over 16 years of age.

Plans are being made to test the hearing of school children with the puretone audiometer after the first of the year.

Improved and more frequent medical attention with the aid of many and varied clinics also helps to make a healthier community. Orthopedic and Pediatric clinics sponsored by the State Department of Health and Welfare are held regularly and provide opportunity for medical consultation and care for crippled children and those with cardiac or rheumatic fever complications. There is also a clinic for the Mentally Retarded Preschool Child. The services of the State Sanatorium are available to those referred by their family physician for diagnosis, x-ray or medical care for tuberculosis.

Working together for health is the only way in which we can raise the standards of health in our communities. Your Public Health Nurse wishes to thank every one who, in any way, helped to promote better living in your community.

Respectfully submitted,

KEITHA J. PRESTON

Public Health Nurse

School Physician's Report

Examination of the pupils of Hartland schools showed a lesser amount of physical defect in comparison with the previous school year. General Health conditions appeared good. Cooperation of parents, teachers, school nurse and School Board was commendable.

Poliomyelitis vaccine was offered and in most instances given.

Auditor's Report

January 6, 1960

Board of Trustees
Hartland School District
Hartland, Maine

Gentlemen:

In accordance with Chapter 91, Section 142, Revised Statutes of 1954, and at your request, the records of the Hartland School District have been audited for the year January 1, 1959 to December 31, 1959, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be determined within the scope of the examination, the financial transactions of the School District appear to be appropriately handled.

Exhibits and schedules incorporated in this report present the financial position of the School District at December 31, 1959, and the result of its operations for the year then ended.

All of which is respectfully submitted.

Very truly yours,

R. A. JAMIESON

Auditor's Report

February 15, 1960

Board of Selectmen
Hartland, Maine

Gentlemen:

In accordance with Chapter 405, Section 26, Public Laws of 1957, and at your request, the records of the Town of Hartland have been audited for the period February 11, 1959 to February 10, 1960, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules incorporated in this report present the financial position of the Town at February 10, 1960, and the result of its operations for the year then ended.

Recommendations are also offered which are believed to be worthy of your consideration.

All of which is respectfully submitted.

Very truly yours,

R. A. JAMIESON

TOWN OF HARTLAND

FEBRUARY 11, 1959 to FEBRUARY 10, 1960

An audit has been completed of the books and records of the Town of Hartland for the year ended February 10, 1960.

The records maintained by the Selectmen, Treasurer, Tax Collector, Assessors, and Town Clerk were audited. The system of internal control was reviewed. Accounting records and other supporting evidence were reviewed or tested to the extent deemed necessary under the circumstances.

It is believed that the accompanying balance sheet together with the related financial statements fairly present the financial position of the Town at February 10, 1960, and the result of its operations for the year then ended.

ASSETS

At the year end the cash balance amounted to \$20,044.35 which was an increase of \$8,895.95 over the balance at the end of the previous year. Of this amount, \$19,725.91 was on deposit in a savings account in the First National Bank, Pittsfield, and the balance of \$318.44 was on deposit in a checking account in the same bank. The savings account was verified by physical inspection of the bank passbook and the checking account was verified by reconciliation with the statement furnished by the bank. The savings account earned interest of \$43.68 during the year. All receipts had been deposited in the bank at the year end.

The 1959 tax commitment was accounted for as follows:

Cash Collections	\$105,708.34	93.2%
Abatements	346.41	.3
Taxes Receivable	7,346.10	6.5
	<hr/>	<hr/>
Tax Commitment	\$113,400.85	100.0%

An analysis of deposits with the Treasurer indicated that tax receipts had been deposited only eight times during the year. Deposits should be made at least once each month.

During the year, unpaid taxes assessed against real estate on the 1958 commitment totaling \$1,070.38 were secured by tax liens. Cash collections on account of tax liens totaled \$1,494.85, and at the year end the balance outstanding was \$323.58.

Matured tax liens totaling \$70.50 were transferred to Tax Acquired Property. During the year, sales of tax acquired property amounted to \$99.65 on which a profit of \$50.95 was realized.

Outstanding tax liens were verified by examination of the liens on file in the Town Office. All tax liens had been recorded and waivers had been obtained on all partial payments.

LIABILITIES

Tax anticipation notes totaling \$65,002.04 were issued and paid during the year. Notes payable totaling \$5,486.11 were paid during the year and the balance outstanding at the year end was \$10,800.

RESERVES AND SURPLUS

The Cemetery Water Fund amounted to \$831.92 and was invested in a savings account. This was verified by examination of the bank passbook.

Unexpended balances in certain appropriation accounts totaling \$22,908.92 were carried forward to the ensuing year for expenditure. This represents an increase of \$11,371.04 over the balance carried forward at the end of the previous year. This increase is reflected in the school accounts.

The unappropriated surplus was increased by \$1,621.55 as a result of the year's operations and totaled \$5,921.71 at the year end. This change in this account is analyzed in detail on Exhibit E.

TRUST FUNDS

The investments of the trust funds were verified by physical inspection of the securities and bank passbooks. All income received appeared to have been properly recorded and expended in accordance with the terms of the bequests. Funds totaling \$700 were accepted at the last annual meeting and have been invested.

GENERAL

Excise tax receipts totaled \$7,619.74 for the year under review. This was verified by examination of the copies of the receipts retained by the Tax Collector. Of this amount, \$5,000 was transferred to Winter Roads in accordance with the vote at the annual town meeting. The balance of \$2,619.74 was transferred to Unappropriated Surplus.

The following corporate surety bond was on file:

Claude Fisher - Town Manager, Treasurer, Tax Collector
Aetna Casualty & Surety Co., No. 6S5611 \$15,000

Supplemental taxes totaling \$332.10 were collected during the year. These had not been committed to the Tax Collector.

The following is a summary of the expenditures of the appropriation accounts for the year ended February 10, 1960:

General Government	\$ 12,242.92	7.8%
Protection	9,079.97	5.8
Health	3,957.35	2.5
Highways	25,894.48	16.4
Charities	2,444.60	1.6
Education	88,486.26	56.2
Library	1,584.00	1.0
Cemeteries	3,008.09	1.9
Interest	1,333.41	.8
Municipal Indebtedness	5,486.11	3.6
Unclassified	672.83	.4
County Tax	3,285.60	2.0
Total	\$157,475.62	100.0%

The records maintained by the various municipal officials were found to have been kept in an excellent manner.

RECOMMENDATIONS

The following recommendations are also believed to be worthy of your consideration:

1. That, tax collections be deposited with the Treasurer at least once each month.
2. That, excise tax receipts be deposited more promptly.
3. That, supplemental taxes be committed to the Tax Collector.

1. Any regularly chartered branch of I.O.O.F. shall have free use of the Lodge Rooms on the third floor of the present building.
2. No part of the rooms on the third floor of the present building shall be used by any other organization without the consent of the Independent Order of Odd Fellows.
3. The town shall carry adequate insurance on the building so that in event of loss a building can be built, or repairs made with provisions for Lodge rooms on the second or third floors.

4. The town shall maintain the present building so that the general condition shall be at least as good as it is at the present time.
5. In the event that a new heating system shall be installed in the present building, or in any future building, provisions shall be made for heating the Lodge rooms. Fuel costs to be determined by a Committee consisting of the selectmen and trustees of I. O. O. F.

Art. 52. To see if the town will vote to adopt the following building ordinance:

BUILDING ORDINANCE

The purposes of this Ordinance are to promote the general welfare of the Town of Hartland, to protect the health of its inhabitants, to encourage the most appropriate use of land within the town, to increase the amenities of the town, and to provide an adequate supply of light and air and reduce the hazard from fire by regulating the location, use, and height of buildings and the area of open spaces about them.

1. The Inspector of Building shall be appointed by the Selectmen annually and shall be the administrative officer of this ordinance. He shall receive applications and fees for the erection or alteration of building and electric wiring thereof as provided in this ordinance, shall keep complete records of all applications and his actions on the applications; promptly survey and inspect all buildings, alterations or uses proposed, accept and deposit with the Town Treasurer all fees collected by

him under this ordinance, and may grant permits for erection, alterations, or remodeling of all buildings, if in his opinion the proposal complies with the law of the State, this ordinance and other town ordinances, provided that in any instance where license or permit fees for uses are required his permit shall constitute only an approval on which the proper authority may issue a license on payment of required fees; any other duties prescribed by law, shall act in cooperation with the fire warden in any matter in which their duties as prescribed by law may coincide or conflict; and shall take such action in the enforcement of this ordinance as may be directed by the Selectmen.

2. No building construction shall be started; no alterations of existing building, regardless of cost; no building moved; no building demolished; and no buildings shall be put in any other use than on the day of enactment of this ordinance until a permit thereof has been issued under the terms of this ordinance.

3. No application for a permit required by this ordinance shall receive action by the Building Inspector unless made in writing, or on an approved Building Permit form. All applications for a permit to build, construct, alter or remodel any building, move or demolish any building, shall be accompanied by a sketch or plan of the proposed building or alterations, and a statement of its intended use when built, constructed, moved or demolished, altered or remodeled. A fee of one dollar shall be paid for all permits granted. A building permit shall become void unless operations are commenced within six (6) months from date of approval, unless such time is extended by the building inspector.

4. Upon receiving such application the Building Inspector shall promptly take such action as may be indicated in the way of investigation to acquaint himself with the merits of the application. He may, without judging the application on its merits, refer the application to the Board of Selectmen. If, however, he finds the proposed building, altering, demolishing, moving or use of building to conform with the law and this ordinance he may grant at once the permit in writing over his signature. If he finds the proposal in any conflict with the law or this ordinance he shall fix whatever restrictions or condition on the proposed construction or use as may be in his best judgment, right and proper, or for reasonable cause refuse the permit.

5. No building or structure shall be erected, altered, rebuilt, substantially repaired, or remodeled unless in compliance with the following:

a. **Commercial Building.** No building, intended or designed to be used for industrial, commercial, or other public use shall be erected, altered, demolished, moved, or used for any purpose which does not provide non-combustible walls and partitions between its component parts.

b. **Exits.** No building intended or designed for any public use or congregation of people shall be erected or altered which does not provide adequate exits as provided by the National Building Code 1955 abbreviated edition, recommended by the National Board of Fire Underwriters and the laws of Maine relating to fire insurance.

c. **Garages.** No public garage for the storage of five or more automobiles, or having any service or repair enterprises connected therewith shall be established, erected, altered, or enlarged unless the building is so constructed, or the proposed alterations, enlargements or extensions shall be of slow-burning or non-combustible material, except that use of automatic sprinklers make unnecessary the use of slow-burning or non-combustible material.

d. **Roofs.** No roof of any building shall be covered or recovered in whole or in part save with non-combustible or fire resistant roofing materials.

e. **Fire-stops.** No building of wood or other combustible material shall be erected, altered, remodeled, or enlarged without provided fire-stops in every combustible wall or partition, at every floor and between joints at every partition.

f. **Chimney Construction.** No chimney shall be built, erected, or altered below the roof unless containing a tile or brick lining and with an iron clean-out door at or near its base, and shall extend two feet above the roof. No chimney shall be built, erected, or altered below the roof having wood or any other combustible materials within one inch of the chimney and no chimney shall have its base resting upon any floor or beam of combustible material.

g. **Thimbles.** No wallpaper or other combustible material shall be laid over any thimble hole in any chimney.

h. Smoke Pipes. No smoke pipes shall be installed or erected so as to be within twelve inches of any combustible floor or ceiling, unless amply protected with non-combustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material, except when guarded by a double collar of metal with air space of at least five inches, or by at least five inches of brick or other non-combustible material between the pipe and the combustible material.

l. Electric Wiring. All electrical wiring shall conform with approved methods and practices for safety to life and property. Compliance with the National Electrical Code, as published by the National Board of Underwriters, shall be prima facie evidence of such approved methods and practices.

j. Foundations. All structures shall be set on solid foundations of cement, brick, stone, or other acceptable masonry except that in special cases:

(1.) Where buildings are not used for living.

(2.) Summer and sportsmen's camps.

The building inspector may waive the requirements of this section and permit the use of wood, metal, or masonry piers.

k. Minimum Building Area. Every dwelling unit to be used by a single family of not more than three (3) persons shall have a minimum ground floor area of five hundred square feet except that on summer and sportsmen's camps. The Building Inspector may waive the requirements of this section.

1. **Outside Walls.** Shall be constructed of material commonly used for outside construction and materials customarily painted shall be painted.

m. **Sewage.** All dwelling and all commercial, public or industrial buildings are required to have a sewage disposal system. The type, size, and construction of all septic tanks and drainage fields shall be in accordance with the State of Maine Plumbing Code. R. S. 1954, Chapter 25, Section 173.

n. **Exceptions.** The construction of small accessory building not used for living purposes, together with minor alterations, repairs and general upkeep of existing building may be exempt from the provisions of this ordinance.

o. **General.** Nothing in the previous provision of this ordinance shall prevent the use of methods or materials approved by the National Board of Fire Underwriters.

6. **Board of Adjustment.** The selectmen shall serve as a Board of Adjustment, and shall serve without compensation. The Board of Adjustment shall have the authority to allow slight variances from the specific terms of this Ordinance, where it can be shown that unnecessary hardship would otherwise result.

6a. **Appeal.** In accordance with State of Maine R. S. 1954, Chapter 91, Section 86, Paragraph 9, appeal shall lie from the decision of the Inspector of Building to the municipal officers and from the municipal officers to the superior court. Provided

further, that the municipal officers shall have the power to hear and determine appeals from the refusal of permits and to allow exceptions to or variations from the terms of this ordinance in accordance with the principles, condition, and procedure specified.

AMENDMENT

Amendment. This ordinance may be amended by a majority vote of any legal town meeting when such amendment is published in warrant calling for the meeting.

ENFORCEMENT

8. **Enforcement.** Whenever the Inspector of Building is satisfied that a building or structure, or any work in connection therewith, the erection, construction or alteration, of which is regulated, permitted or forbidden by this ordinance is being erected, constructed or altered, in violation of the provisions or requirements of this ordinance, or in violation of a statement or plan submitted and approved thereunder, or of a permit issued thereunder, he shall serve a written notice or order upon the person responsible therefor directing discontinuance of such illegal action and the remedying of the condition that is in violation of the provision or requirements of this ordinance.

9. No building hereafter erected or altered shall be occupied or used in whole or in part until the building has been approved by the Inspector of Buildings.

10. The Inspector of Building is charged with the prosecution for all violations of the provisions of this ordinance. In case such notices or orders referred to in Section 8 are not promptly

complied with, he shall make such complaints to the Courts as in his judgment are proper, or he may institute such actions or proceeding at law or in equity as are proper to restrain, correct, remove or punish such violations.

11. Any person or corporation who shall violate any of the provisions of this ordinance or fail to comply with any of the requirements thereof shall upon conviction be punished by a fine of not more than \$50.00 and each day on which such violations continue shall constitute a separate offense.

12. **Takes Effect.** This ordinance shall take effect upon its passage.

13. **Conflicting Provisions.** Whenever the regulations made under the authority hereof differ from those described by any statute, ordinance, or other regulations, that provisions which imposes the greater restriction or the higher standard shall govern.

14. **Validity.** If any section, clause, provision, portion, or phrase of this ordinance shall be held to be invalid or unconstitutional by any court of competent authority such holding shall not effect, impair or invalidate any other section, clause, provision, portion, or phrase of this ordinance.

Art. 53. To see if the town will vote to ask the assessors to abate the 1959 taxes of \$2,950.00 assessed against Pittsfield Improvement Association. This property now owned by J. R. Cianchette & Sons Corp.

Art. 54. To see what action the town may wish to take regarding the acquiring of the "Moore Dam" in Hartland with flowage and other rights pertaining thereto at such time as the town may legally do so under the enabling act passed at the last special session of the legislature.

Art.55. To act upon any other matters that may legally come before any town meeting.

The Selectmen hereby give notice that they will be in session for the purpose of correcting and revising the list of voters Wednesday, Thursday and Friday forenoon, March 9th, 10th and 11th from 9 to 11:30 A.M.

Given under our hands this 15th day of February, A.D. 1960.

Report of Committee on Resolutions.

There were about 125 teachers present and also a large number of the citizens of the town.

All of the parts were very instructive and the papers were thoroughly discussed by the members.

The subject was opened by Supt. Wm. McLaughlin of Harmony who said that very few teachers taught reading as it should be taught, and that the evil would continue until the teachers stopped teaching mere words. He outlined a method which he had followed during the last few years of his teaching which was very good. Mr. McLaughlin was followed by other teachers. Mr. Ham of Cambridge said he thought that the fifth reader was a thing of the past, and that one of Shakespeare's plays, which cost only about one fourth as much was far preferable. Mr. Ham doubtless expressed the sentiment of the majority of the teachers present.

It was voted to hold the meetings semi-annually in the future instead of annually as has been the custom heretofore.

Supt. Graves was listened to with great interest, his subject, "Home Influence in the Schools" was one which enlisted the sympathy of all present, both teachers and citizens. Mr. Graves spoke of the unjust criticism of parents, who knew nothing of the work being done and were not capable of criticising. He thought that if the parents would trust the teachers more fully, and would strive with them to make the school a success, a great change would take place in our schools. He was strongly opposed to corporal punishment and drew some vivid pictures of brutality which had come under his observation. He remarked that he had used corporal punishment, but whenever he met a pupil who had been chastised by him, he felt like apologizing to him for it. For in most cases, had the pupil received proper training in the home, punishment would not have been necessary.

1959? Oh No. This article was reprinted from The Hartland Tribune, Thursday, December 1, 1898.

1960 - A Year of Accomplishment.

Your municipal officers present for your approval this annual report.

Outlined below is a brief summary of progress made this year:

HIGHWAYS:

North Street was finished and a heavy coat of tar cover was applied. Maintenance on this street should be very low for a number of years.

State Aid Construction was started on Pleasant Street. It is hoped to finish a long stretch of this street in 1961 with a sidewalk at curb level.

TRIF funds were used again on the Vigue Road. Construction costs are high in this area and a gain of about 700 feet was realized.

PROTECTION:

Approximately 2400 feet of various sizes of sewer pipe were installed on Pleasant Street during construction. 1961 should see this project finished.

Cemetery fences were painted this year making a noticeable improvement.

EDUCATION:

Several meetings have been held with committees from nearby towns relative to construction of a secondary school unit. It is felt that a six year high school and utilization of the Academy building for two grades from Hartland and nearby towns may solve our crowded elementary situation.

A LOOK AT THE FUTURE:

At the annual 1961 town meeting a long term financed, capital improvement program will be presented. This should receive careful study. If our town is to move ahead, this program will provide services that we need. Should employment conditions become too bad, a public works program may be the answer and some sort of Federal assistance may be available.

Your decision at town meeting can shape the course of our town for the next few years. Please attend and present your views.

Respectfully yours,

MUNICIPAL OFFICERS

Town of Hartland

Hartland, Maine

10 February 1961

To the School Committee and Citizens of the Town of Hartland.

It is with pleasure that I submit my annual report to you on the progress being made in your schools. For the most part the progress in the school has been favorable in all areas. There are still, unsatisfactory conditions existing that can only be improved by more rooms and more teachers. Until more elementary classrooms and more elementary teachers are available not much can be done to help the crowded conditions and also help the retarded pupils. A big step forward was taken this past summer, when the school department instituted a four weeks summer course to any and all pupils on a voluntary basis. About 40 pupils took advantage of this school and they gained much help in subject areas that was giving the most trouble. It is planned to conduct a similar program during the summer of 1961.

Following is a brief outline of the school enrollment with teachers listed by grades. You will note there are five new teachers listed for this year. Many of our former teachers moved on to new positions. It is early yet to tell just how successful we have been in replacing those teachers. At present the new teachers seem to be adjusting well and doing good work.

Teacher	Grade	S.P.	1	2	3	4	5	6	7	8	Total
Mrs. Lawry		38									38
Mrs. Salsbury			31								31
Miss Sprague				35							35
Miss Cook					36						36
Mrs. Gerald						24					24
Mrs. Eaton							31				31
Mrs. Emery								33			33
Mr. Cousins									29		29
Mr. Hughes, Prin.										28	28
<hr/>											
		38	31	35	36	24	31	33	29	28	285

Elsewhere in the town report will be recommendations and suggestions for improvement in school buildings. In the past I have made recommendations for more rooms and more teachers on the elementary level. Whether the additional rooms are from new construction or from buildings already in use, it makes very little difference. The big need is more classrooms.

The need on the secondary level is a matter of numbers as much as anything else. The only way to improve this situation in the near future is to combine secondary schools with nearby communities that face the same problems that we face. The cost of an accredited secondary school can only be justified by an enrollment large enough to warrant the expenditure of funds to have a good school.

In conclusion, may I express my appreciation for your cooperation during the past year.

Respectfully submitted,

HAROLD E. CARSON

School Physician's Report

Examination of the pupils of Hartland schools showed the general health of this group was excellent. A few correctable disabilities were noted and the parents were notified. The students appeared alert, responded well, for the most part, to psychological observation.

The general health has markedly improved over the period of years and appears much better than in the pre-consolidation period. Cooperation of the Department of Health has been appreciated and this service should be commended for their directives and interest in our children's welfare. The teachers, too, are more versed in recognizing symptoms and signs than in previous years. They also should be congratulated for their interest and concern in the progress and well being of their charges.

Routine examinations have paid off in this improvement of the children's physical and mental conditioning. Nutrition, in general, has markedly been effected by the school lunch programs coupled with a higher standard of living and parental concern.

Report of Public Health Nurse

MAINE DEPARTMENT OF HEALTH AND WELFARE DIVISION OF PUBLIC HEALTH NURSING, BUREAU OF HEALTH

Annual Report of Public Health Nursing Services in Hartland for the Year 1960

Public health, in simple terms, is the sum total of the health of individuals and families living in a community. An organized program for public health is one that offers those individuals and families every possible chance of living and enjoying life, free from the handicaps of preventable disease and disability. In more formal terms, the objective of a public health program is to bring to all the people the benefits of modern medical and related sciences including the care and rehabilitation of the sick and disabled, the promotion of healthful living, and the prevention and control of disease.

A number of people are involved in the attaining of this objective. All together they make up a "health team." The public health nurse is an essential member of this team. She shares in planning and action with other workers in the fields of health, education, and welfare; with physicians, hospitals, clinics; with school personnel; with citizen groups. One of her important functions is coordination with the others involved to provide public health services to individuals, families, and community. Citizens of the community are also essential members of the health team. Alert to the health needs of their community, taking their share of responsibility to meet these needs, their contribution as health workers is indispensable to the effectiveness of the public health program. A vital, dynamic,

working "health team" in the local community strengthens the public health not only of that community, but also of the State and the Nation.

A series of three Child Health Conferences was held at the Scott-Webb Memorial Hospital in Hartland. Physical examinations and immunizations against diphtheria, tetanus, whooping cough, smallpox and polio were offered to all infant and pre-school children. School children were offered polio immunizations.

The puretone audiometer was used to check the hearing of the school children.

Home visits have been made to assist families in seeking medical care. Referrals to state and local clinics have been made at the request of the family physician.

I wish to thank every one who, in any way, helped to promote better living in your community.

Respectfully submitted,

KEITHA J. PRESTON

Public Health Nurse

Auditor's Report

January 6, 1961

Board of Trustees
Hartland School District
Hartland, Maine

Gentlemen:

In accordance with Chapter 91, Section 142, Revised Statutes of 1954, and at your request, the records of the Hartland School District have been audited for the year January 1, 1960 to December 31, 1960, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be determined within the scope of the examination, the financial transactions of the School District appear to be appropriately handled.

Exhibits and schedules incorporated in this report present the financial position of the School District at December 31, 1960 and the result of its operations for the year then ended.

All of which is respectfully submitted.

Very truly yours,

R. A. JAMIESON

Auditor's Report

February 15, 1961

Board of Selectmen
Hartland, Maine

Gentlemen:

In accordance with Chapter 405, Section 26, Public Laws of 1957, and at your request, the records of the Town of Hartland have been audited for the period February 11, 1960 to February 10, 1961, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules incorporated in this report present the financial position of the Town at February 10, 1961, and the result of its operations for the year then ended.

Recommendations are also offered which are believed to be worthy of your consideration.

All of which is respectfully submitted.

Very truly yours,

R. A. JAMIESON

TOWN OF HARTLAND

FEBRUARY 11, 1960 to FEBRUARY 10, 1961

An audit has been completed of the books and records of the Town of Hartland for the year ended February 10, 1961.

The records maintained by the Selectmen, Treasurer, Tax Collector, Assessors, and Town Clerk were audited. The system of internal control was reviewed. Accounting records and other supporting evidence were reviewed or tested to the extent deemed necessary under the circumstances.

It is believed that the accompanying balance sheet together with the related financial statements fairly present the financial position of the Town at February 10, 1961, and the result of its operations for the year then ended.

ASSETS

At the year end, the cash balance amounted to \$5,898.44 as compared with a balance of \$20,044.35 at the end of the previous year. Of the cash balance at the year end, \$2,626.85 was on deposit in a savings account in the First National Bank, Pittsfield, and \$3,271.59 was on hand. The savings account was verified by inspection of the bank passbook and the cash on hand was verified by physical count. A checking account is maintained from which all disbursements are made. The total amount of each warrant is transferred from the savings account to the checking account at the time of the preparation of the warrant. Therefore, any balance in this account is offset by outstanding checks which have not cleared through the bank.

The 1960 tax commitment was accounted for as follows:

Cash Collections	\$85,899.56	92.5%
Abatements	19.40	—
Taxes Receivable	6,928.12	7.5%
	<hr/>	<hr/>
Tax Commitment	\$92,847.08	100.0%

An analysis of the deposits with the Treasurer indicated that tax receipts are not being deposited by the Tax Collector in accordance with statutory requirements. Deposits with the Treasurer are required to be made at least once each month.

During the year, unpaid taxes assessed against real estate on the 1959 commitment totaling \$4,536.56 were secured by tax liens. All liens had been recorded with the Register of Deeds and all paid liens had been discharged. At the year end, unmatured tax liens totaled \$3,996.06.

Matured tax liens totaling \$46.00 were transferred to Tax Acquired Property. One parcel of tax acquired property was sold during the year on which a profit of \$7.37 was realized.

LIABILITIES

Tax anticipation notes totaling \$36,638.00 were issued and paid during the year. A sewer note of \$3,600.00 matured and was paid, leaving two more notes of \$3,600.00 each outstanding. One matures in the 1961 municipal year and the other in the 1962 municipal year. A note for \$1,095.43 was issued, the proceeds from which were used for state aid roads. This note matures next year.

RESERVES AND SURPLUS

The Cemetery Water Fund amounted to \$857.04 and was invested in a savings account which was verified by physical inspection of the bank passbook.

Unexpended balances in certain appropriation accounts totaling \$6,264.87 were carried forward to the ensuing year for expenditure. Complete detail of these accounts may be found on Exhibit D.

The unappropriated surplus was decreased by \$134.48 as a result of the current year's operations and totaled \$5,787.23 at the year end.

TRUST FUNDS

The investments of the trust funds were verified by physical inspection of the securities and bank passbooks. During the year, U.S. Savings Bonds totaling \$3,500.00 matured. These funds were reinvested in bank stock.

All investments were found to comply with statutory provisions for investment of trust funds. All income received appeared to have been properly recorded and expended in accordance with the terms of the bequests. A fund of \$100.00 was received during the year and is held in the General Fund of the Town pending acceptance at the annual meeting.

GENERAL

Excise tax receipts totaled \$7,460.05. This was verified by examination of the copies of the receipts retained by the Tax Collector. It was noted that excise tax receipts are not being deposited with the Treasurer as often as required. These receipts should be deposited with the Treasurer at least once in every 30 days.

The following corporate surety bond was on file:

Claude E. Fisher — Town Manager, Treasurer, Tax
Collector — Aetna Casualty & Surety Co., No. 77S324 \$15,000.00

Supplemental taxes totaling \$328.80 were collected during the year. These had not been committed to the Tax Collector.

The following is a summary of the expenditures of the appropriation accounts for the year ended February 10, 1961:

General Government	\$ 11,421.25	7.1%
Protection	7,503.12	4.7
Health	11,156.51	6.9
Highways	26,058.34	16.2
Charities	2,635.26	1.6
Education	87,546.40	54.4

Library	1,605.00	1.0
Cemeteries	3,351.93	2.1
Debt and Interest	4,581.55	2.9
County Tax	3,285.60	2.0
Unclassified	1,767.03	1.1
Total	\$160,911.99	100.0%

The records of the various municipal officials were maintained in a very commendable manner.

RECOMMENDATIONS

The following recommendations are again being offered as they are believed to be worthy of your consideration:

1. That, tax collections be deposited with the Treasurer at least once each month.
2. That, excise tax collections be deposited more promptly.
3. That, supplemental taxes be committed to the Tax Collector.

Any of the above to be financed by using any excise tax monies collected after closing of books in 1962 with \$4,000.00 paid on principal and balance used for interest. Any excess balance to remain in the fund for future improvements.

Art. 54. To see if the town will vote to purchase the "Moore Dam" in Hartland with flowage and other rights pertaining thereto now owned by J. R. Cianchette & Sons Corp., and, if so, how it shall be financed.

Art. 55. To see if the town will vote to authorize the selectmen to acquire on a rental purchase plan a heavy duty front end loader. This machine to be used on clean-up work at the dump and snow removal in the compact village section and such other work as the selectmen may direct. Per hour charges for the equipment will be made against the department worked for; this amount applied against the purchase price.

Art. 56. To see if the town will vote to accept the town way as laid out by the selectmen and described as follows:

Beginning at a point on the Commodore Road, so called, at the end of that part of said Road now maintained by the town and extending Northwesterly across the land of Harold Hubbard until it meets the private road leading from Route 43 to Great Moose Lake, thence along said private road to a point near the cottage now owned by Charles Rowell, and ending at this point, said town way to be 50 feet wide, and we allow the owners of the land over which the way passes no damages.

Such laying out, with the bounds and admeasurements, has been filed with the Town Clerk on the 14th day of February, A.D. 1961, and we now hereby report such laying out with the bounds and admeasurements to the town at a town meeting legally called for acceptance of said way.

Art. 57. To act upon any other matters that may legally come before any town meeting.

The Selectmen hereby give notice that they will be in session for the purpose of correcting the list of voters Wednesday, Thursday and Friday, March 8th, 9th and 10th from 9 to 11:30 A.M.

Given under our hands this 15th day of February, A.D. 1961.

Hartland Academy

The design of this Institution is to afford young persons of both sexes the means of acquiring a good English education; to prepare young men for College; to communicate a practical knowledge of modern languages; and especially to qualify teachers for their calling.

In all the different departments, the mode of instruction is designed to be systematic and thorough; to train the student to think; to teach him principles and their application; and to assist and direct him in the acquisition of knowledge.

GENERAL EXERCISES

Weekly exercises, alternately in Composition and Declamation, are required of the young men; and in Composition and Reading, of the young ladies. From these exercises none are excused, but for the most satisfactory reasons.

The Scriptures are read daily, and a prayer offered as an opening exercise.

There are daily exercises in Reading, Spelling and English Grammar.

REQUIREMENTS

All are expected to be punctual in their attendance upon required exercises; to be quiet and orderly in and about the school room; to be kind and respectful in their demeanor, and studious and exemplary in their habits.

GOVERNMENT

The government of the School, though strict, is designed to be kind; and obedience is secured, if possible, by awakening the scholar to a sense of his moral obligations, and by appeals to his better feelings. Those who cannot, by such means, be induced to correct their perverse habits and to submit to wholesome discipline, will be promptly removed from the Institution as unworthy of its privileges, and hurtful in their influences upon others.

GENERAL INFORMATION

TERMS

There are generally only two Terms in a year, commencing on the last Monday in February, and on the last Monday in August, and continuing eleven weeks each.

APPARATUS

The Institution is furnished with Aparatus - Philosophical and Astronomical - suffiecient for ordinary purposes of illustration.

BOARD

Board can be obtained on reasonable terms, and generally rooms for those wishing to board themselves.

TUITION

Languages	\$4.00
Higher English	3.50
Common English	3.00
Book-keeping	2.00
Penmanship	1.00
Instrumental Music, (Extra)	

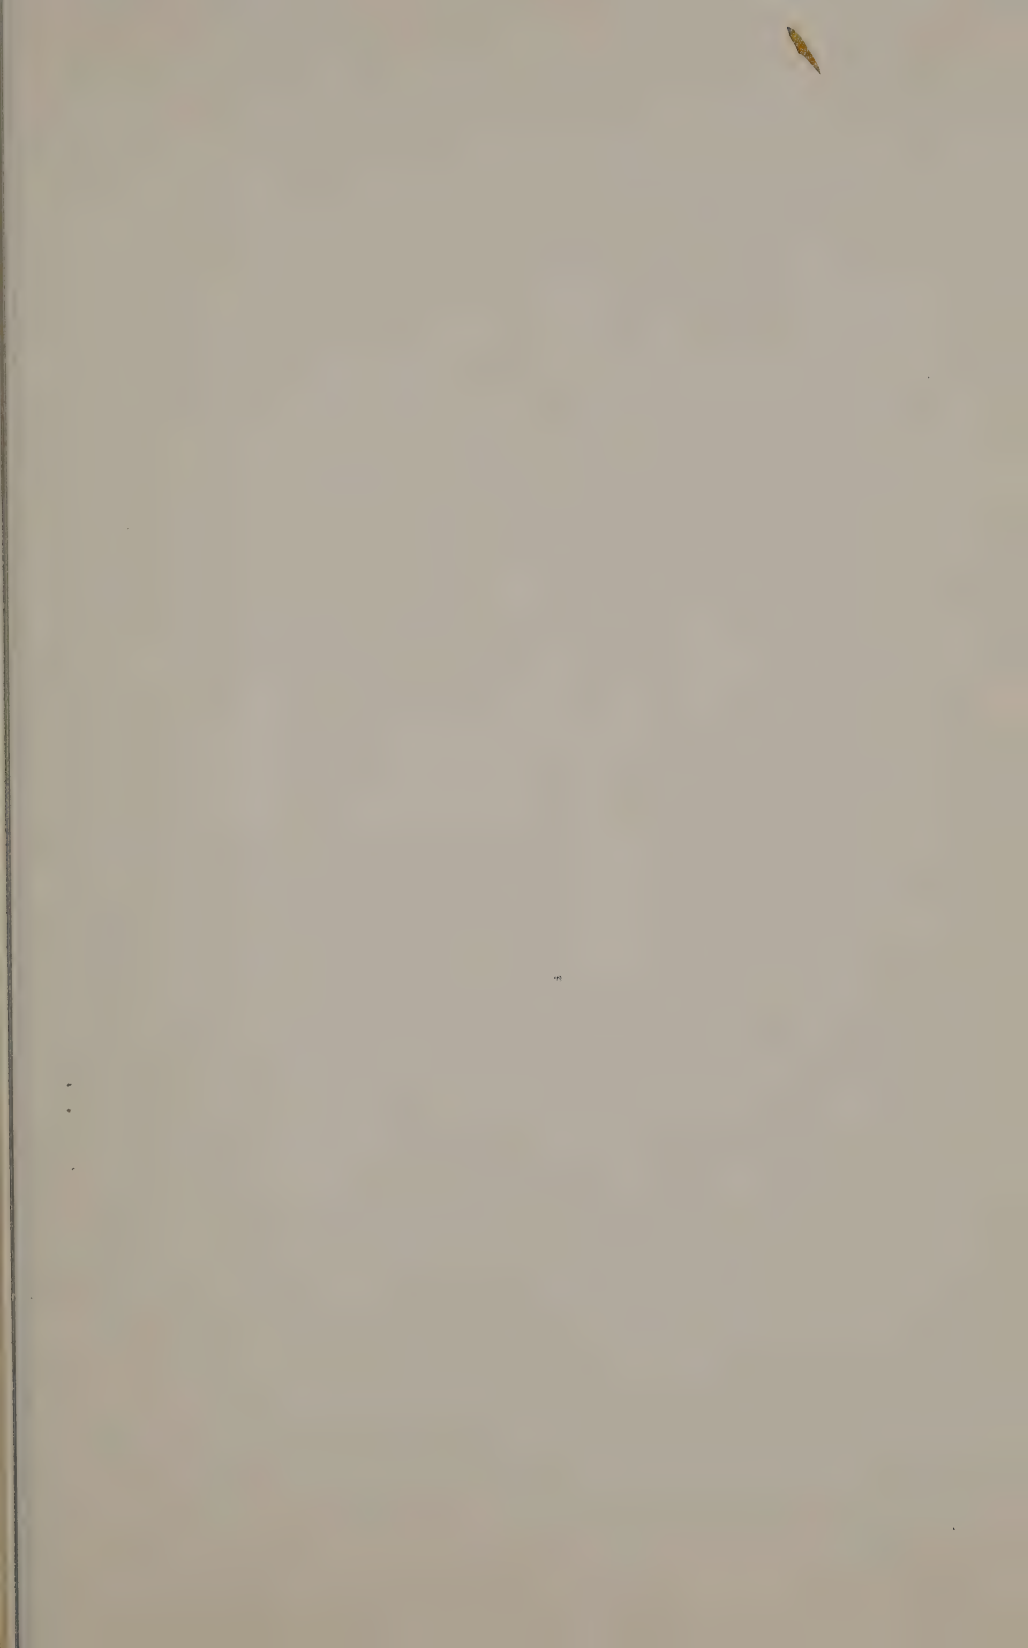

TEACHERS' CLASSES

Classes are formed every term with special reference to the wants of teachers, to which particular attention is given, and such instruction imparted as the individual interests of the members may require.

LOCATION

The Academy is situated in a convenient and retired part of the pleasant village of Hartland. The location is healthy, and seldom surpassed in beauty of surrounding scenery.

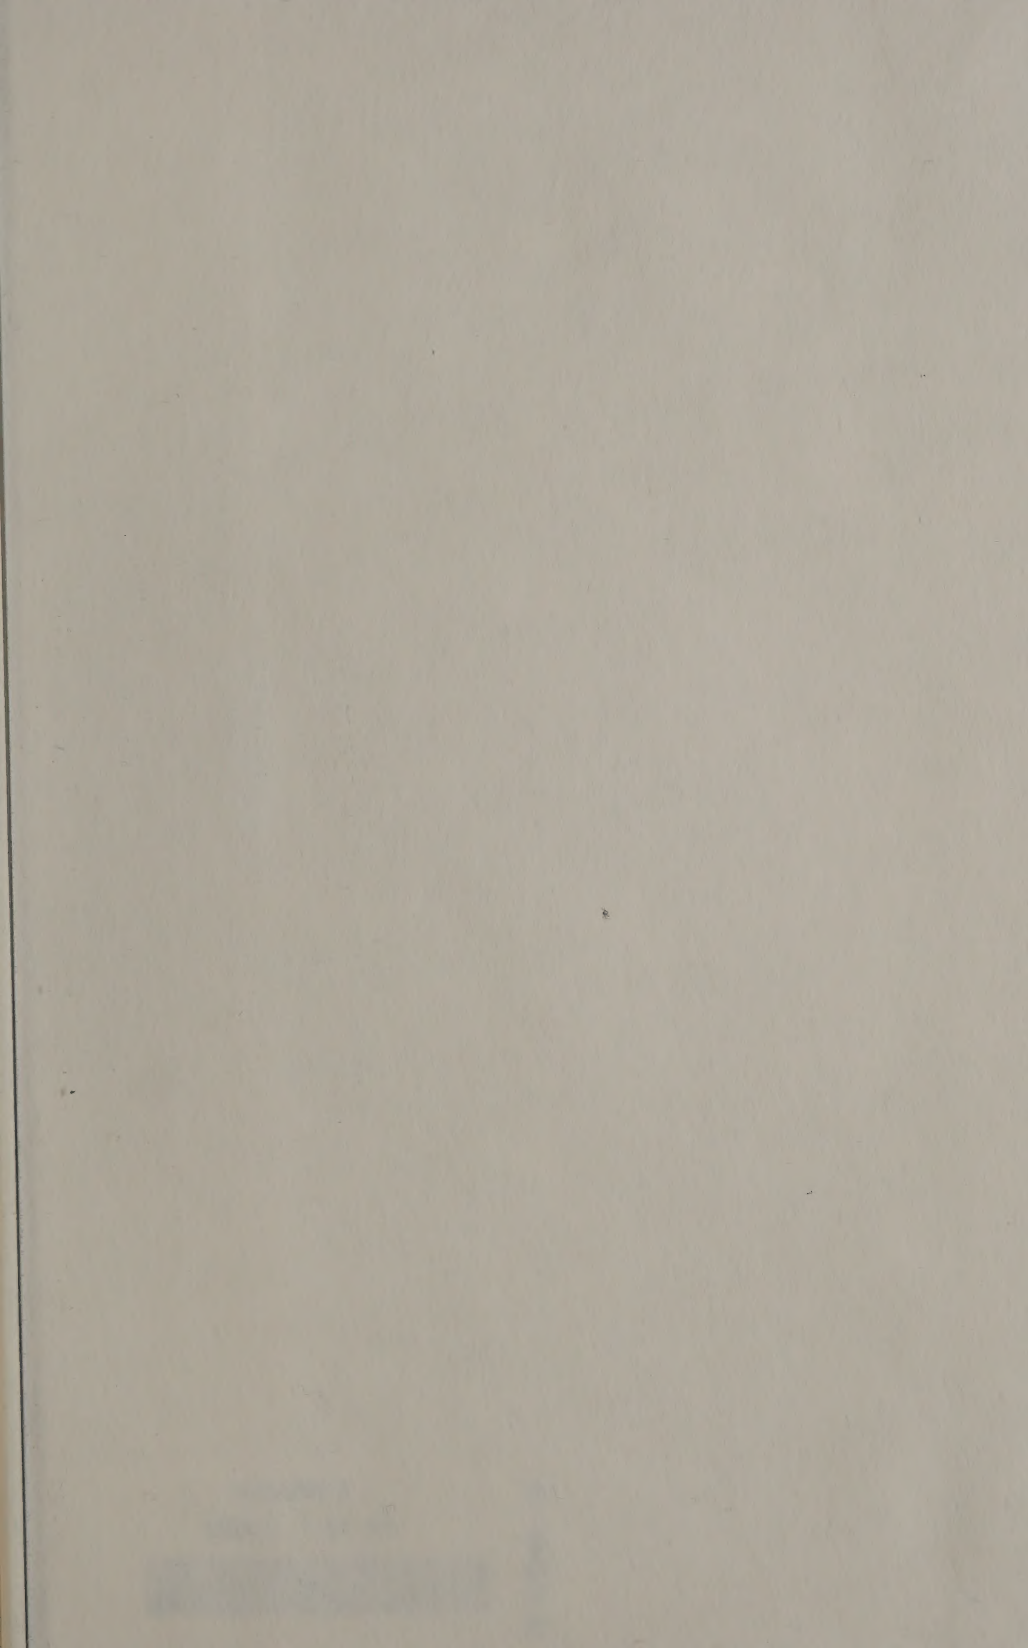

The above was taken from the Hartland Academy catalog - 1864. Number of students 107. Number of teachers 6. Among the students were those who became doctors, lawyers, store and mill owners. If the present generation does as well, perhaps our efforts shall not have been in vain.
